very helpful, easy to approach and knowledgeable
The best teacher out of all the units I had selected. Provided very detailed feedback and guidance – encouraging students to do better by the feedbacks.
Provided really good support while in class
Was one of the tutors in my class. Would ask how I was going with the work and if I needed help. Was also very helpful when I needed help.
Visal provided insight and encouragement from the get go. Very knowledgeable throughout this unit
He has been incredibly helpful, especially during the weekly seminars where he consistently supported my learning. He explains problems in a clear and easy–to–understand way, which helped me build confidence in the subject. I also really appreciate the introduction to LaTeX, it's a valuable skill that I'm glad to have learned, and I'm sure it will be useful in my future studies.
Very clear and detailed feedback given everytime
Great motivator
very knowledgable and always there to help every student. His explanations were also really good. Everything was perfect.
